SUBJECT INDEX

Articles in Commentary, Historical notes, News, Personal news, Research news; Books reviewed and letters in Correspondence are also listed alphabetically under the respective category name.

Acetobacter diazotrophicus 137 (Review article)
Achaya, K. T. 1037 (Personal news)
Acronyms 1432 (Correspondence)
Actinorhizal symbiosis 404 (Review article)
Adrenal cortex 1103 (Review article)
Aedes aegypti 119 (Scientific correspondence)
Aerodynamic resistance 39 (Research article)
Aeromagnetic anomaly 162 (Research communication)
Aerosol parameters 1235 (Research communication)
Aerosols 586 (General article)
Agricultural research 690 (Commentary)
Ahmedabad relief camps 351 (Correspondence)
All-optical switching 623 (Research communication)
Amplitude and phase 502 (Research communication)
Animal experimentation rules 800 (Commentary)
Anopheles stephensi 1585 (Research communication)
Anoxia 498 (Research communication)
Antarctic bacteria 1000 (Research communication)
Antibacterial agent 737 (Research communication)
Antioxidants 30 (Review article)
Aqueous solution 47 (Research article)
Arabian Sea 1235 (Research communication)
Arnebia benthamii 484 (Research communication)
Arsenic poisoning 21 (Scientific correspondence)
Artificial recharge 699 (Scientific correspondence)
Asian Brown Cloud 349 (Editorial); 586 (General article); 1307 (Commentary)
Asian Indians 1483 (Article, Diabetes Special Section)
Astrophysical bodies 620 (Research communication)
Atmospheric chemistry 731 (Research communication)
Atmospheric stability 296 (Research article)
Auto fuel policy 554 (Commentary)
Automated NMR assignments 1372 (Research communication)
Azotobacter chroococcum 1565 (Research communication)

Bacillus anthracis 697 (Scientific correspondence)
Bacillus thuringiensis 146 (Research communication)

Bacterial infection 447 (Article, Recent Advances in Silk-worm Biology Special Section)
Bacteriorhodopsin photocycle 799 (Research news)
Bagworm moth 71 (Research communication)
Behaviour ecology 1112 (Research account)
Berge, Claude 906 (Personal news)
Bhawad chondrite 1071 (Scientific correspondence)
Bhotiya tribal 814 (General article)
Bhuj earthquake 492 (Research communication); 603 (Research article)
Biological weapon 566 (General article)
Biodegradable plastics 562 (Scientific correspondence)
Biodiversity 593 (Review article)
Biodiversity hotspot 117 (Scientific correspondence)
Bioinformatics 9, 794 (Correspondence)
Biological diversity 810 (General article); 1351 (Review article)
Biotechnology 202 (Meeting report)
Biotite granites 1124 (Research communication)
Bisphosphate 870 (Research communication)
Black pepper 561 (Scientific correspondence)
Bombyx mori 409, 415, 426, 432, 439, 447, 455, 466 (Articles, Recent Advances in Silkworm Biology Special Section)

Book reviews

Alfred Russel Wallace – A Life 1151
Ancient Indian Astronomy: Planetary Positions and Eclipses 1593
Annual Review of Astronomy and Astrophysics, Vol. 39, 2001 899
Annual Review of Biomedical Engineering, Vol. 3, 2001 1034
Annual Review of Cell and Developmental Biology, Vol. 17, 2001 77
Annual Review of Genetics, Vol. 35, 2001 769
Annual Review of Microbiology, Vol. 55, 2001 905
Annual Review of Neuroscience, Vol. 24, 2001 75

- Biochromatography: Theory and Practice* 1404
Biodiversity and Environment: Remote Sensing and Geographic Information System Perspective 903
Bioinformatics for Beginners 1154
Biophysical Processes in Living Systems 171
Biophysics 1267
Calcium Carbonate – From the Cretaceous Period into the 21st Century 328
Chemical and Biological Warfare – A Comprehensive Survey for the Concerned Citizen 513
A Collection of Interesting General Chemistry Experiments 1403
Data Mining Techniques 173
The Dynamic Neuron 1407
Earthshaking Science – What We Know (and Don't Know) about Earthquakes 172
Eco-Economy 1156
Einstein's Miraculous Year 510
The Ethics of Human Cloning 1155
Exploration in Mathematics 326
First Steps in Number Theory: A Primer on Divisibility 326
500 Years of Tantrasangraha – A Landmark in the History of Astronomy 1150
Fracture Mechanics for Modern Engineering Design 768
Fun and Fundamentals of Mathematics 509
Geology of Bihar and Jharkhand 1035
The Health of Nations: Infectious Disease, Environmental Change and their Effects on National Security and Development 78
Hepatitis B: The Hunt for a Killer Virus 1270
Himalaya: Emergence and Evolution 900
History of Pharmacy in India – Pharmacy Practice 171
The Intelligent Genome – On the Origin of the Human Mind by Mutation and Selection 512
In the Shadow of the Bomb – Bethe, Oppenheimer and the Moral Responsibility of the Scientist 74
An Introduction to the Mammalian Fauna of the Siwalik System: Biodiversity of the Siwalik Fauna 771
An Introduction to the Science of Cosmology 1151
Ivory Bridges 648
Kaveri Riverine System: An Environmental Study 1407
Liquid Membrane Phenomena: Biological Implications 1270
The Little Book of Earthquakes and Volcanoes 901
Mathematics and its History 1593
Mathematics of the 19th Century 1032
The Math of Money 650
Method for Affinity-based Separations of Enzymes and Proteins 1594
Microarrays for the Neurosciences – An Essential Guide 648
Migraine: A Neuroinflammatory Disease 1406
Mysterious Motions and Other Intriguing Phenomena in Physics 1033
Neutron Scattering with a Triple-Axis Spectrometer 1266
A New Kind of Science 1271
Optical Solitons: Theory and Experiments 327
Origin of Inertia – Extended Mach's Principle and Cosmological Consequences 1033
Probability and Its Applications – Probability Models for DNA Sequence Evolution 1595
Problems and Methods in Mathematical Physics 511
Quantum Generations: A History of Physics in the Twentieth Century 1149
Rocks of Ages: Science and Religion in the Fullness of Life 767
RSSDI Textbook of Diabetes Mellitus 1596
Saraswati: The River that Disappeared 903
Science and Engineering Indicators 2002 652
Science and Technology in Ancient India 1405
Statistics in Genetics and in the Environmental Sciences 768
Tourism, Biodiversity and Information 1266
Vertebrate Functional Morphology: Horizon of Research in the 21st Century 329
Where Do We Come From? The Molecular Evidence for Human Descent 651
The World Energy Assessment: Energy and the Challenge of Sustainability 1265
 Boron nitride 225 (Article, Plasma Applications Special Section)
 Botanists 1060 (Correspondence)
 Brain drain 678 (Correspondence)
Branchiostoma belcheri 50, 1249 (Research communication)
Brassica transformation 146 (Research communication)
 Brown haze 947 (General article)
 Brown, Robert Hanbury 654 (Personal news)
 Bryology 545 (Meeting report)
 Calcium channel modulators 480 (Research communication)
 Calixarenes 870 (Research communication)
Camellia sinensis 941 (Scientific correspondence)
Capsicum frutescens 480 (Research communication)
 Carbon-fullerene 363 (Research news)
 Carbon isotopes 498 (Research communication)
 Carbon liquefaction 593 (Review article)
 Carbon nitride 225 (Article, Plasma Applications Special Section)
 Carbon sequestration 1380 (Research communication)
 Carcinogenicity 1005 (Research communication)
 Career and women 681 (News)
 Carrier screening 291 (Research article)
Carthamus tinctorius 1138 (Research communication)
 C-banding 150 (Research communication)
 Centre for Earth Science Studies 548 (News focus)
 Cereal genomes 965 (Review article)
 Chaperone cycle 1103 (Review article)
 Chaperonins 1337 (Review article)
 Chemical shift signatures 1240 (Research communication)
 Chemists 12 (Meeting report)
 Chennai urban population 1497 (Article, Diabetes Special Section)
 China-India comparison 23 (General article)
 Chlorophyll fluorescence 880 (Research communication)
 Chloroquine 1128 (Research communication)
 Chromosome diversity 124 (General article)
 Chromosome identification 150 (Research communication)
 Chromosome markers 124 (General article)
 Chronic liver disease 219 (Review article)
Chrysosporium lobatum 1585 (Research communication)

Climate change 947 (General article); 1398 (Research communication); 1444 (Scientific correspondence)
Climate modelling 201 (Meeting report)
Cloning fish 1063 (Research news)
Coastal ecosystem 214 (General article)

Coleus forskohlii 945 (Scientific correspondence)
Colletotrichum falcatum 745 (Research communication)

Commentary

Animal experimentation rules – Separating the reality from the rhetoric 800
Auto fuel policy: A question of balance 554
Farmland geology – an emerging field in sustainability science 557
Molecular markers and QTL analysis in crop plants 113
Need for a dialectical approach in agricultural research for sustainable growth 690
The new international seed treaty: Promises and prospects for food security 366
On the Asian Brown Cloud controversy 1307
On the safety of nimesulide, a preferential COX-2 inhibitor 1442
Reflecting on IMD's forecast model 936
Taxonomic research in India: Future prospects 1068

Communication skills 7 (Correspondence)
Competitive examinations 1301 (Correspondence)
Conflicts of interests 530 (Correspondence)
Contractual appointment of teachers 1433 (Correspondence)
Corneal blindness 197 (Correspondence)
Coronary artery disease 488 (Research communication); 1497 (Article, Diabetes Special Section)

Correspondence

Academic standards in Indian universities 1181
Achieving excellence through development of skills 7
Appaling lethargy 1302
An approach to sustainable food security 354
Beyond the laboratory 1182
The bioinformatics industry 9
Botanists! Just think for a while 1060
Can information technology be another useful tool to diagnose and understand schizophrenia? 1057
Choosing research guides 543
Collection of data on microbial resources of India 9
Contractual appointment of teachers – a welcome proposal of UGC and additional suggestions to revive excellence in higher education 1433
Corneal blindness 197
Coverage of Indian life sciences/S&T journals in major global alerting services 928
Dealing with conflicts of interests: Some suggestions 539
Decline in scientific publication in India: Is high energy physics an exception? 1179
Diabetes in India: snapshot of a panorama 791
Diabetes research in India 355
Do you have it in you? 103
Epilepsy, madness and creativity: The Indian ethos 197
Evaluating palaeontology and palaeontologists 679

Four-year undergraduate programme in science 196
Future of science and science education in medical profession 106
Has Indian science slowed down? 1055
Have we forgotten science teaching in schools? 541
Haze layer over the Indian Ocean – natural or anthropogenic? 1300
Health situation in the relief camps of Ahmedabad 351
Hepatitis C: a major health problem of India 1058
Impact of statistical software packages on scientific research and statistical education 678
Indian science coming of age 675
Indian science slows down – II 540
Indian science slows down – III: While we sleep 1056
Institute of Bioinformatics and Applied Biotechnology: Bioinformatics training with a difference 794
Is Gahirmatha the world's largest sea turtle rookery? 1299
Is mathematics research in India on the decline? 353
Is science in India on the decline? 107
Is science in India on the decline? A rejoinder 1431
Limited usefulness and relevance of coaching for competitive examinations 1301
Low temperature and oxidative stress 109
The menace of acronyms 1432
Mind–brain interaction 103
Monsoon vegaries 796
M.P. Government orders closure of Hoshangabad Science Teaching Programme 1183
Natural History Museums to play an active role 796
Need for more open admission policy and meaningful examination system for Ph D in the universities 927
Palaeontology in India at cross roads – a comment 929
Palaeontology needs immediate attention 540
Pedicularis (Scrophulariaceae) – an underinvestigated genus of botanically curious plants 10
Plugging the brain drain: An ecologist's view and a cartoonist's perspective 678
Prevention of chronic complications of diabetes mellitus – Does patient education score over treatment 1435
Prevention of smallpox in ancient India 1055
Priorities in science and technology 796
Promoting science in India 793
Quality of science and science journals in India 195
Raising the standards of Indian science 795
Recesses of the mind 104
Reducible iron affects organic matter oxidation and ammonium production in wetland soils and sediments 1434
Research non-guides 351
Salvage science education and save science 7
The sanctity of *Pedicularis bicornuta* KL ex KL & Gracke (Scrophulariaceae) in the Indian cold deserts of Lahaul-Spiti 929
Schizophrenia brain research 1183
Science and *Current Science* on cultivating 'uncultivable' bacteria 10
Science practicals at the Intermediate level neglected 542
Scientific research and academic developments crave for new issues of life 677
Smallpox variolation 1302
Some issues related to application procedure 543
Spirit of scientific innovation in India 104

- Suggestion for enhancing nitrogen-fixation in grain legumes 795
- Suggestions for improving the academic status of Indian research journals 8
- Sustainability science for mine-spoil restoration 792
- The timing factor 675
- Towards a global perspective on globalization 1056
- Transparency in editorial discretion 927
